Wedding Videos / DVDs

100% Guarantee

Though a wedding video can be viewed almost immediately, you will treasure it more as the details of your wedding fade from your memory. You will be able to relive the entire wedding ceremony. You can hear the special wedding music, enjoy the first dance, watch the cake cutting and see and hear the toasts. Videos, unlike photography, capture that special ambience which you can experience time and time again.

Your wedding ceremony and reception will be captured on high quality equipment. After your honeymoon, you make an appointment to view the video. If, after viewing the tape in our office, you decide you do not want it, the entire fee of the video will be refunded immediately. It's an opportunity you can't beat!

VIDEO REFUND CONDITION:

In order for the 100% refund to be valid, we must be the only persons there videoing the wedding ceremony. This is the only way we can control the technical factors which affect the quality of your video.

Terms and Delivery

A **non-refundable** 20% deposit is required to reserve our services.

The total amount due, less deposit (wedding package and/or wedding video) is due on, or before, the wedding date. We recommend you arrange payment before the date.

Your wedding album should arrive approximately three to four weeks after your wedding date. Designer Albums require more time.

All prices are effective **March 1st, 2008** and are subject to change without notice.

Limited Liability

Selecting DAVENPORT Photography and Video, L.L.C. constitutes an AGREEMENT by you that any damages, loss or omissions of event coverage by our company or film processors will only entitle you refunds on the photography or video package amount.
